

There is Still Time to Make it Monthly!

Until the end of March, make a new monthly gift of \$20 or more through Canada Helps, and Canada Helps will make a **one-time extra \$20 donation** to us! You can read the [full terms and conditions here](#).

Here's how you can get involved:

Step 1: Go to our [Donation Page](#) or our [Canada Helps Page](#).

Step 2: Schedule a monthly gift of \$20 or more.

Step 3: Confirm your gift.

That's it! For each eligible monthly donation, Canada Helps will be adding a one-time \$20 donation to supercharge your gift.

Monthly donations help us maintain sustainability all year long as we attempt to budget for the cost of our daily operations. Please consider making the switch to monthly donations!

Your support will help us achieve our goals and make a big impact. Thank you!
